## CEAP and CEAP-SB eligibility requirements have changed

We are focused on delivering relief programs to help ease the financial burdens that families and businesses are facing. **The COVID-19 Emergency Assistance Program (CEAP)** and **CEAP for Small Business** provide one-time payments to residential and business customers who have had any electricity bill debt since March 17, 2020. **Please note that the eligibility requirements have been relaxed; even if your previous application was rejected, you may now be eligible.**

Visit [AlectraUtilities.com/Payment-Assistance](https://www.alectrautilities.com/Payment-Assistance) to access the CEAP applications and all other assistance programs to help you manage your electricity bills.

## Thank you for switching to paperless ebilling

We'd like to thank everyone who switched to paperless ebilling this year. This simple but impactful action allowed us to reach our goal of donating a total of \$200,000 – 600,000 meals – to local food banks, supporting our communities during these difficult times.

You can still switch to paperless ebilling by following these easy steps:

1. If you haven't already, register for My Account at [AlectraUtilities.com/MyAccountSignUp](https://www.alectrautilities.com/MyAccountSignUp)
2. Say "Yes" to paperless ebilling.

All you need is your Alectra Utilities account number and your last payment amount. Thank you for your continued support.

## TOU customers now have a choice of pricing plans

If you're a residential or small business customer who pays Time-of-Use (TOU) electricity prices, you can now choose to switch to Tiered prices anytime.

**TOU:** The price depends on when you use electricity. You can help manage your electricity costs by shifting your usage to lower price periods when possible.

**Tiered:** With Tiered pricing, you can use a certain amount of electricity each month at a lower price. Once that limit is exceeded, a higher price applies.

If you want to continue paying TOU prices, no action is required. To help customers who may be considering a switch from TOU to Tiered pricing, the Ontario Energy Board has a new bill calculator at [oeb.ca/calculator](http://oeb.ca/calculator).
